

Evans Town Board

At a regular meeting of the Town Board of the Town of Evans, held at the Evans Town Hall, 8787 Erie Road, Angola, New York on Wednesday, July 20, 2005 at 7:30pm there were:

PRESENT:	Karen E. Erickson	Councilman
	Thomas A. Csati	Councilman
	Joseph F. Govenettio	Councilman
	Kathleen A. Bartus	Councilman
	Robert R. Catalino, II	Supervisor
ALSO PRESENT:	Carol A. Meissner	Town Clerk
	J. Grant Zajas	Town Attorney

**RESOLUTION 252 Approve minutes**

Supervisor Catalino moved and Councilman Erickson seconded that the reading of the minutes of the meeting of June 15, 2005 and the Special Meeting of June 20, 2005 be dispensed with and approved as submitted by the Town Clerk.

Carried.

Supervisor Catalino extended the privilege of the floor to any and all persons present.

Tebra Howard, 1520 Eden Evans Center Road applauded Supervisor Catalino on abstaining on a vote regarding his godchild. She also thanked Councilman Govenettio for returning her phone calls. There are temporary storage containers located on the old Angola Airport site. Ms. Howard questioned what the storage containers would be used for and requested the containers be moved back farther away from the road.

Patrick Zydel, 8160 Hillside, feels everyone should think back when they started their jobs and consider what they've learned on the job and schooling. Credentials sometimes does not do it all. Open your minds. He feels Jeanne Ebersole will make a great and fair and very concerned Assessor.

Bob Catalano, 7339 Erie Road, Derby, stated after the melt down of County government feels the Town should have hired the most qualified person for the job. Ms. Chase in his opinion is one of the least qualified or the least qualified for the job of Town of Evans Assessor. Where is the documentation to substantiate her qualifications. Six people applied for the job. Residency is not a criteria for the job. One application was left standing and that was Ms. Chase. Mr. Catalano does not feel this was a coincidence.

Meeting #12  
July 20, 2005  
page 146

Charles Militello, 6840 Prescott Drive, Derby, NY, told the Supervisor that the five people on the Town Board represent 17,000 people. The property on Eden-Evans Center Road with portable storage containers is a blunder since there is a storage facility half a mile down the road. Objects to the Town Crier being placed on everyone's seat this evening. Mrs. Chase's user friendly history as Legislator took over seven months to replace/repair a guardrail on South Creek Road, a railroad crossing took five months to look at. This is not user friendly.

Ron McPeek, publisher of the Town Crier, 48 North Main Street, Angola, New York, placed complimentary copies of the Town Crier on everyone's seat this evening for the people to see what is being done in the Village of Angola. Mr. McPeek presented a video of Point Breeze Park. There are no obstructions for people to go into that section of Point Breeze Park. It is time to leave these people alone. He feels the Town and Town Board would do the same thing for any citizen of our town. Who needed a little consideration because of their situation. If the Town Board did not allow this use, under the ADA the Town would have been held responsible.

Margaret Hageman, 9644 Oakland Street, is disappointed in the video shown tonight. Her son made a video of the park also that she would like to show at the next Town Board meeting to show the obstructions. She feels the driveway at the Mauer's should have been in a different location when there is suitable land in front of their property for this use.

Supervisor Catalino read a letter from Pat Gugino, who worked for Lake Shore Central Schools a bus driver. In August 1998 when she drove bus he knows the Mauers were told by the school district to provide a paved drive and turn around or their handicap son would not be picked up at their home.

Mark Hagemen, 9644 Oakland Street was not aware of the problem with the school district. He is afraid of losing lake front property and doesn't want to see public access lost in the future when the Mauer's property is sold. Mr. Hagemen feels the paper road, Point Breeze Drive should be incorporated as park property to help assure its use in the future. Action on the Lake Erie Beach Park should wait until the new Advisory Board is in place.

Tom Gornery, 524 Sycamore Street, Angola, New York spoke on road conditions in his neighborhood. Elmwood has been repaved and the Town did a great job. He submitted a petition containing 100 signatures requesting the Town take over and pave Sycamore Street, Summer Avenue, Peach Street and Lemon Street when the budget permits. There are no STOP signs at the intersection of Peach and Sycamore and Orange and Roanoke Streets.

Peter Hunt, 680 Windover Lane, works for Hunt Realty. Mr. Hunt is speaking on behalf of Jeanne Chase and her background in real estate as he sees it, with respect to the Assessor's job. Jeanne Chase worked for Hunt Realty from 1989-1997. Each time

there is a listing you are asked to determine value. The process is the same as an appraiser, however it is not called an appraisal but it determines value. Her experience more than qualifies her for the job of Assessor according to the qualifications as he understands them. He spoke in favor and support of her appointment.

Meeting #12

July 20, 2005

page 147

Ray Markiewicz, 9622 Point Breeze Drive is upset about articles in the Town Crier and other printed matter. Journalism should tell both sides of a story. We should have a vision for a waterfront, this is the issue. His concern is for Lake Erie Beach Park, the only park there is not a fee to enter. The fighting needs to stop. We need to have waterfront access. Get the situation resolved.

Robert L. Palmer, 1780 Eden Evans Center Road feels documentation should be presented when requested. He doesn't think Mr. Hunt should tell people to rub salt when seeking documentation regarding the Assessor's position.

Bob Doering, 9136 Lake Shore Road pointed out that in an interview he saw with Jeanne Chase, she stated she was not going to seek re-election as Legislator after being appointed Assessor and was looking forward to spending more time with her daughter. He can't understand how this is possible when she is working as a legislator and assessor.

Lou Palma, 6717 Derby Road, Republican Chairman of the Town of Evans wants what is best for the Town of Evans. Jeanne Chase's appointment did not involve a political deal. Hiring someone based solely on an application is ridiculous. The whole picture comes into focus, not only a application but an interview. Sam Lomando did not have experience when he was appointed and 35 years later Sam retired with a wonderful record. If a couple of years down the line Jeanne hasn't performed her job well then it would be time to tell the Town Board they make a mistake.

Bob Catalano, Derby stated if history repeats itself from 35 years ago then the Town just appointed another unqualified person to the position of Assessor. People want and require professionalism and experience. He believes the best qualified was clearly not hired.

Rich Cole, 6886 Kimberly Lane moved recently from Ohio to New York. He has attended UAW meetings and union meetings in the past. People have a democratic right to speak at any meeting whether we agree or disagree with them. He will wait and see if Jeanne Chase has the qualifications.

Barb Markiewicz, 9622 Point Breeze Drive has seen the Town Crier, the official town newspaper. She lives on Point Breeze Drive. Mr. McPeck, publisher of the Town Crier doesn't live on Point Breeze Drive. She resents him standing here stating he wants this matter at Lake Erie Beach Park done and over with. Mrs. Markiewicz questioned the Town Board's knowledge of a video being shown tonight. She also asked if the questions she asked at the last Town Board meeting were going to be answered.

Ray Markiewicz, 9622 Point Breeze Drive stated he has spent 34 years in journalism. If the Town Crier is the Town's paper you have to do both sides of the story. He is publicly criticizing the Town Crier. The Mauer issue was not even covered in the

Town Crier.

Ed Schneider, 9575 Redwing Street, Angola, submitted a FOIL request to the Town Clerk and questioned why the Town Attorney hasn't answered his previous FOIL requests. Mr. Schneider presented a letter and partial survey of Lake Erie Beach Park as done by the Friends of Evans. (See addendum B.)

Robert L. Palmer, 1780 Eden Evans Center Road explained Lake Erie Beach Park is

Meeting #12  
July 20, 2005  
page 148

a 5.3 acre park not a large park. Some of the park has already been sold. A basketball court is in a parking lot and there is not enough room in the park. He would like to make the park bigger.

Stacey Vogel, Lake Shore Road wanted to make a point of information in that the monies that are given to organizations by County Legislators is our money, taxpayers money. Each Legislator is given \$115,000.00 per year to give to various organizations which is used to perpetuate themselves in office. Elected officials should serve the public not destroy the little person trying to make a living and support a family.

Cassandra Hutchins, 219 West Pleasant, Angola, New York has a child whom along with her enjoys Lake Erie Beach Park. She would like to be able to launch her jet ski at the park. She does not want the park property given away. She would like her son and his son to be able to enjoy the park in the future. She does not like the behavior at the Town Board meetings by all sides.

Ron McPeek, will not relinquish his rights to say what he feels in his newspaper in the editorial portion. He is also a citizen. We print editorial letters that are negative about us as long as they are signed. When a meeting is reported on, then only what happened at the meeting is reported, nothing else.

**RESOLUTION 257 Norman Gzyl, President; William Hamm, Chief of Lake Erie Beach Vol. Fire Co., Inc. RE: request 10% exemption of assessed property value for enrolled members of incorporated volunteer fire companies**

Supervisor Catalino moved and Councilman Govenettio seconded to refer the communication from Norman A. Gzyl, President and William R. Councilman Govenettio read a report from Lieutenant George regarding the July 3, 2005 fireworks at Lake Erie Beach Park. He commended the police department and all the fire companies for a great job. He has been on the Town Board for seven years and the past two years the whole town has gotten out of hand. This needs to stop and do the best for all the residents of the town.
